Policy 4.181 Procedures for Frozen or Burst Pipes

Effective Date: 12-11-17

Frozen Pipes

Turn off the water supply to minimize any water damage if a pipe bursts.

Move any possessions/inventory which are near frozen pipes in case pipes burst.

Find the frozen pipe and check the flow of water. Zero, or very little flow, indicates you're near the frozen area of piping. Feel along the pipes to locate frozen areas and look for bulging.

Thaw out the pipe by using a hairdryer (if no standing water is in the area) or wrap warm towels around the pipe. Open any taps nearest to the frozen pipe as this will let the water flow as it melts.

If the frozen pipe cannot be located or thawed, call a licensed plumber.

At any time during this procedure it is thought the pipe cannot be thawed or may burst, call a licensed plumber.

Burst Pipe

Shut off the water at the main valve.

If the break is in a hot water pipe, the valve on top of the water heater should be closed.

Call a licensed plumber.

EMPLOYMENT

Policy #4.5 Attire and Grooming Policy

Effective Date 11-30-14 (formerly Everyday Appropriate Dress Policy)
Revised Date 9-27-21

Objective

The Wichita Falls Area Food Bank strives to maintain a workplace environment that functions well and is free from unnecessary distractions and annoyances. As part of that effort, the company requires employees to maintain a neat and clean appearance that is appropriate for the workplace setting and the work being performed. To that end, Wichita Falls Area Food Bank department heads may determine and enforce guidelines for workplace-appropriate attire and grooming for their areas; guidelines may limit natural or artificial scents that could be distracting or annoying to others.

Procedures

All Wichita Falls Area Food Bank staff members are expected to present a professional, businesslike image to clients, visitors, customers, and the public. Acceptable personal appearance, like proper maintenance of work areas, is an ongoing requirement of employment with Wichita Falls Area Food Bank.

Supervisors should communicate any department-specific workplace attire and grooming guidelines to staff members during new-hire orientation and evaluation periods. Any questions about the department's guidelines for attire should be discussed with their immediate supervisor.

Any staff member who does not meet the attire or grooming standards will be subject to corrective action and may be asked to leave the premises to change clothing. Hourly paid staff members will not be compensated for any work time missed because of failure to comply with designated workplace attire and grooming standards.

All staff members (except warehouse staff) must wear the Wichita Falls Area Food Bank Name tag at all times while at work. Replacement nametags needed will be charged to the employee.

Specific requirements

Certain staff members may be required to meet special dress, grooming and hygiene standards, such as wearing protective clothing and or equipment, depending on the nature of their job. Protective clothing and or equipment may be required for certain positions and will be provided to employees by Wichita Falls Area Food Bank.

At the discretion of the department head, in special circumstances, such as during unusually hot or cold weather or during special occasions, staff members may be permitted to dress in a more casual fashion than is normally required. On these

EMPLOYMENT

occasions, staff members are still expected to present a neat appearance and are not permitted to wear ripped, frayed or disheveled clothing. Likewise, tight, revealing or otherwise workplace-inappropriate dress is not permitted

While working with food and in special circumstances involving contagious diseases, Wichita Falls Area Food Bank may require all or some of the employees to wear Personal Protective Equipment (PPE) such as masks, gloves, gowns (sterile), hair bonnets or other specific equipment to protect themselves, their peers, customers and visitors. In such circumstances these items will be provided to employees by Wichita Falls Area Food Bank.

Reasonable accommodation of religious beliefs

Wichita Falls Area Food Bank recognizes the importance of individually held religious beliefs to persons within its workforce. Wichita Falls Area Food Bank will reasonably accommodate a staff member's religious beliefs in terms of workplace attire unless the accommodation creates an undue hardship. Accommodation of religious beliefs in terms of attire may be difficult in light of safety issues for staff members. Those requesting a workplace attire accommodation based on religious beliefs should be referred to the human resources department.

NOTE: All staff, except warehouse employees, must adhere to wearing business attire as outlined below. Warehouse staff are allowed to wear jeans or appropriate length shorts during the week and casual shirts that follow the WFAFB policy.

Fridays are considered casual dress days. On these days jeans and other more casual clothing is allowed. It is possible that on some Fridays we will revert to a business casual policy. That could be for days where we have a special guest or a special event at the Food Bank. All staff must follow the WFAFB dress code policy unless prior approval has been given by their direct supervisor.

Policy #4.6 CUSTOMER SERVICE

Effective Date 11-30-14
Revised Date 11-30-14

POLICY STATEMENT

This policy outlines the Food Bank's expectations regarding the telephone and email systems for customer service.

Every employee has a responsibility to maintain and enhance the Food Bank's public image, and the customer service provided by the Food Bank employees have a direct impact on that image.

PROCEDURE

1. Telephone – All telephone calls shall be answered promptly and in a professional and courteous manner. Answering the telephone is every employee's responsibility throughout the main office of the Food Bank. As a general rule, telephone calls should be answered within two (2) rings.

When answering the telephone, use a friendly, professional manner. Our greeting is the first thing heard by callers, so you are setting an example and making the first impression for the Food Bank. Speak distinctly, stating the name of the Food Bank along with your name. Be very cognizant of the length of time a caller is on hold – be respectful of their time.

When co-workers are on the phone, please be aware of the noise level around them. It is extremely difficult to carry on a professional conversation when loud conversations are taking place around them.

2. Voice Mail – Voice Mail greetings shall be professional, kept current, and updated when necessary, such as when you will be out of the office with an alternate person to contact in your absence.

It is your responsibility to check your Voice Mail throughout each and every day, and it should never fill up. Always return phone calls promptly, preferably within 12 hours. Callers may get very frustrated when they leave a message and do not receive a response in a timely manner. If the caller's message will require a lengthy follow-up but you don't immediately have the time and/or the answer, place a short phone call to let them know that you have received the message and will call back to talk more fully later.

CUSTOMER SERVICE *(continued)*

3. **Written Communication** – Written communication can be a very effective way to respond to internal and external customers/community partners. Care should be taken to ensure that all responses provide the appropriate information.

Letters and memoranda should be written in a professional format on Food Bank letterhead with the standard style, font and size. Please refer to the common messaging framework.

4. **Electronic Mail (Email)** – Email can be another very effective and quick communication method to use when corresponding with internal and external customers. Email “signatures” must be uniform and reflect the current program highlighted by the Food Bank. Updated signatures will be distributed by the Marketing Director and should not be changed in any manner.

Food Bank employees are expected to check email frequently and handle appropriately and in a timely manner. If you don’t have an immediate answer and/or it may require a lengthier follow-up than normal, acknowledge receipt of the email, but note that you need additional time to research and respond.

Communicate in a professional manner when using email. Never put anything in an email message that could be viewed as offensive or inappropriate for the business environment. Remember that all information contained in the email message is considered public information. The email response should give complete and clear information with the option to use email or call if there are questions.

5. **Out of Office Response** – When you are away from your office for longer than a normal timeframe, an automated email and voice mail greetings should reflect that schedule. If there is someone else who will be handling your duties while you are out that should be noted in your voice mail greeting and automated email response.

NOTE - Employees who violate these policies will be subject to disciplinary actions, up to and including employment termination.

Policy #4.9 CELL PHONE USAGE

Effective Date 11-30-14
Revised Date 11-30-14

POLICY STATEMENT

The Food Bank maintains specific policies about cell phone usage and applies to all Food Bank employees. For purposes of this policy, the term “cell phone” is defined as any handheld electronic device with the ability to receive and/or transmit voice, text, or data messages without a cable connection (including, but not limited to, cell phones, digital wireless phones, pagers, tablets). This policy addresses both personal and company phones. The Food Bank reserves the right to modify or update these policies at any time without any prior notice.

PROCEDURE

Cell phone usage applies to any device that makes or receives phone calls, leaves messages, sends text messages, surfs the Internet, or downloads and allows for the reading of and responding to email whether the device is company-supplied or personally owned.

Cell phone usage while driving or using company equipment is explicitly prohibited. This includes receiving or placing calls, text messaging, surfing the Internet, receiving or responding to email, checking for phone messages. Employees who are observed using any phones while operating equipment will be subject to disciplinary action.

The Food Bank administration strongly encourages all employees to have calls to them routed through our office number. We realize that in some cases where you use your phone for business and personal usage that you will receive calls on your cell phone while you are at the Food Bank. It would not be considered rude to either call them back on our office line or to ask them to call you back on our office line.

Personal use of cell phone while on the clock is strongly discouraged due to the disruptions it causes in the work place. Occasional usage for personal reasons is discouraged but we understand that there will sometime be exceptions. Those however who abuse this policy will be subject to disciplinary action.

During working hours and during meetings your cell phones must be on mute or turned off completely to prevent disruption.

Policy #4.10 SOCIAL MEDIA USAGE

Effective Date 11-30-14
Revised Date 11-30-14

POLICY STATEMENT

This policy governs the publication of and commentary on social media by employees of the Food Bank. For this policy, social media means any facility for online publication and commentary, including without limitation blogs, wiki's, social networking sites such as Facebook, LinkedIn, Instagram, Twitter, Flickr, YouTube, etc. This policy is in addition to and complements any existing or future policies regarding the use of technology, computers, e-mail, and the internet.

PROCEDURE

1. Posting or participating in social media in any capacity while on the job is strictly prohibited, unless it is a duty listed in your job description.
2. Before work, after work, or during the lunch hour, Food Bank employees are free to publish or comment via social media in accordance with this policy. Food Bank employees are subject to this policy when identified as a Food Bank employee.
3. Publication and commentary on social media carries similar obligations to any other kind of publication or commentary. All uses of social media must follow the same ethical standards that Food Bank employees must otherwise follow.
4. At the Food Bank, we understand that social media can be a fun and rewarding way to share your life and opinions with family, friends and co-workers around the world. However, use of social media also represents certain risks and carries with it certain responsibilities. To assist you in making responsible decisions about your use of social media, we have established these guidelines for appropriate use of social media. This policy applies to all employees who work for the Food Bank.

Don't Tell Secrets - It's perfectly acceptable to talk positively about your work and have a dialog with the community, but it's not okay to publish confidential information. Confidential information includes things such as unpublished details about our software, details of current projects, future projects, financial information, partnering agency information, etc.

Be Honest - Do not blog anonymously, using pseudonyms or false screen names. We believe in transparency and honesty. Use your real name, be clear who you are, and identify that you work for the Food Bank. Nothing gains you notice in social media more than honesty - or dishonesty. Do not say anything that is dishonest, untrue, or misleading. If you have a vested interest in something you are discussing, point it out. But also, be smart about protecting yourself and your privacy. What you publish will be around for a long time, so consider the content carefully and also be cautious about disclosing personal details.

SOCIAL MEDIA USAGE *(continued)*

Respect your audience, the Food Bank, and your coworkers - The community, and the Food Bank's employees and partnering agencies, reflect a diverse set of customs, values and points of view. Don't say anything contradictory or in conflict with the Food Bank website. Don't be afraid to be yourself but do so respectfully. This includes not only the obvious (no ethnic slurs, offensive comments, defamatory comments, personal insults, obscenity, etc.) but also proper consideration of privacy and of topics that may be considered objectionable or inflammatory - such as politics and religion. Use your best judgment and be sure to make it clear that the views and opinions expressed are yours alone and do not represent the official views of the Food Bank.

Protect partnering agencies and suppliers - Partnering agencies or suppliers should not be cited or obviously referenced without their approval. Never identify any partnering agency or supplier by name without permission and never discuss confidential details of a client engagement. Strict attention must be paid so the information provided does not violate any non-disclosure agreements that may be in place with the customer or make it easy for someone to identify the customer. Your posts are not the place to "conduct business" with a customer.

Controversial Issues - If you see misrepresentations made about the Food Bank in the media, you may point that out. Always do so with respect and with the facts. If you speak about others, make sure what you say is factual and that it does not disparage that party. Avoid arguments. Brawls may earn traffic, but nobody wins in the end. Don't try to settle scores or goad competitors or others into inflammatory debates. Make sure what you are saying is factually correct.

Be the first to respond to your own mistakes - If you make an error, be up front about your mistake and correct it quickly. If you choose to modify an earlier post, make it clear that you have done so. If someone accuses you of posting something, deal with it quickly - better to remove it immediately to lessen the possibility of a legal action.

Disclaimers - Many social media users include a prominent disclaimer saying who they work for, but that they're not speaking officially. This is good practice and is encouraged, but don't count on it to avoid trouble - it may not have much legal effect.

The Marketing Director can provide you with applicable disclaimer language and assist with determining where and how to use that.

Don't forget your day job. - Make sure that posting on social media does not interfere with your job or commitments to customers.

Note Policy violations will be subject to disciplinary action, up to and including termination for cause.

Policy # 4.12.0 Procurement Policy

Effective Date: 9.9.21

All procurements made by Wichita Falls Area Food Bank, Inc. involving the expenditure of Federal Funds will be made in accordance with the following procurement standards.

Procurement transactions, regardless of method or dollar value, will maximize open and free competition consistent with the standards of 2 CFR § 200.318 through § 200.326. The Wichita Falls Area Food Bank, Inc. shall not engage in procurement practices which may be considered arbitrary or restrictive.

I. METHODS FOR PROCUREMENT

Procurements shall be made using one of the following methods: (a) micro purchase procedures, (b) small purchase procedures, (c) competitive sealed bids, (d) competitive negotiations, (e) non-competitive negotiation and shall be made in accordance with procedures set forth at 2 CFR § 200.320 (a) through (f) at a minimum.

A. Micro Purchases

Purchases which cost less than \$1,500 and are for the acquisition of supplies or services can be awarded without soliciting competitive quotations if Wichita Falls Area Food Bank, Inc. considers the price to be reasonable. To the extent practicable, these purchases should be distributed among qualified suppliers with consideration especially for small businesses, Minority Business Enterprises (MBEs) and Women's Business Enterprises (WBEs).

B. Small Purchases

Purchases which cost between \$1,500 and \$50,000 will require three over-the- telephone quotations of rate, price, etc. The Requisitioner will complete a Vendor Selection Form setting forth the date calls were made, parties contacted and prices obtained.

Purchases of supplies, equipment and services which cost between \$50,000 and \$150,000 (State Simplified Acquisition Threshold) will require written estimates but no legal advertisement is required. Wichita Falls Area Food Bank, Inc. will solicit written responses from at least three vendors. The Requisitioner will complete a Vendor Selection Form setting forth the date the calls were made, parties contacted and written estimates obtained. If no such responses are available, the appropriate Director or Manager will prepare and file a written explanation to the Texas Department of Agriculture seeking approval as to why the Wichita Falls Area Food Bank, Inc. will do a Sole Source Procurement on the needed item / service. Both the explanation and approval letter from TDA will be filed with the Vendor Selection Form.

(See Attachment A for a copy of the VENDOR SELECTION FORM.)

C. Competitive Sealed Bids

Bidding will be employed when detailed specifications for the goods or services to be procured can be prepared and the primary basis for the award is cost. When the cost of a contract, lease or other agreement for materials, supplies, equipment or contractual services, other than those personal or professional, exceeds \$150,000, an Invitation for Bids (IFB) notice will generally be prepared. This notice will be published at least once in a newspaper of general circulation in the county or counties in which Wichita Falls Area Food Bank, Inc. is soliciting the IFB. This newspaper notice will appear not less than seven (7) days and not more than twenty-one (21) days before the due date for bid proposals. Wichita Falls Area Food Bank, Inc. may also solicit sealed bids from responsible prospective suppliers by sending them a copy of such notice.

The IFB will include a complete, accurate, and realistic specification and description of the goods or services to be procured, the bid deposit, payment bond and bond performance required (if applicable), the location where bid forms and specifications may be secured, the time and place for opening bids, and whether the bid award will be made based on the lowest price or the lowest evaluated price. If the lowest evaluated price is used, the measurable criteria to be used must be stated in the IFB. The newspaper notice must also contain language that calls to the attention of bidders all applicable requirements which must be complied with such as Supplemental Nutritional Assistance Program (SNAP), The Emergency Food Assistance Program (TEFAP), Technical Assistance to Needy Families (TANF), Commodity Supplemental Food Program (CSFP), Farmers Market Nutrition Program (FMNP), etc.

Sealed bids will be opened in public at the time and place stated in the IFBs. The bids will be tabulated by the Chief Executive Officer or his/her designee at the time of bid opening. The results of the tabulation and the bid procurements will be examined for accuracy and completeness by the appropriate Director or his designee who will make recommendations to Wichita Falls Area Food Bank, Inc. In addition, the appropriate Director or his designee shall determine that all firms are responsive and responsible. Wichita Falls Area Food Bank, Inc. will make the decision as to whom the contract shall be awarded. After the bid award is made by Wichita Falls Area Food Bank, Inc., a contract will be prepared for execution by the successful bidder. If the IFB was for a significant construction project and a bid deposit was required to be submitted in conjunction with the bid, after the contract is signed, all bid deposits will be returned to all unsuccessful bidders.

Wichita Falls Area Food Bank, Inc. may cancel an Invitation for Bid or reject all bids if it is determined that such is in the best interests of Wichita Falls Area Food Bank, Inc. Bidders will be notified in writing of such cancellation or rejection. Wichita Falls Area Food Bank, Inc. may allow a vendor to withdraw a bid if requested at any time before the bid opening. Bids received after the time set for bid opening shall

be returned to the vendor unopened.

D. Competitive Negotiations

Wichita Falls Area Food Bank, Inc. will use competitive negotiations, regardless of contract amount, upon a written determination that:

1. Specifications cannot be made specific enough to permit the award of a bid based on either the lowest bid or the lowest evaluated bid price (in other words, bidding is not feasible).
2. The services to be procured are professional in nature. With the exception of certain professional services (principally Architectural/Engineering services - see 2 CFR § 200.320(d)(5)), competitive negotiations will proceed as follows:

- a. Requests for Proposals

For purchases expected to be greater than \$150,000 proposals will be solicited through newspaper advertisement; additionally, a Request for Proposal (RFP) may be prepared and mailed to qualified vendors. The newspaper advertisement must be published at least seven

(7) days and not more than twenty-one (21) days before the date for receipt of the proposals. The RFP will describe the services needed and identify the factors to be considered in the evaluation of proposals and the relative weights assigned to each selection factor. The RFP will also state where further details regarding the RFP may be obtained. The RFP will call attention to the same regulations discussed in the bidding process. Requests for proposals will always include cost as a selection factor.

For purchases expected to be greater than \$50,000 but less than \$150,000, a Request for Proposal (RFP) shall be prepared and mailed to qualified vendors. The RFP will describe the services needed and identify the factors to be considered in the evaluation of proposals and the relative weights assigned to each selection factor. The RFP will also state where further details regarding the RFP may

be obtained. The RFP will call attention to the same regulations discussed in the bidding process. Requests for proposals will always include cost as a selection factor.

Award must be made to the offer or whose proposal is determined in writing by Wichita Falls Area Food Bank, Inc. to be the most advantageous to Wichita Falls Area Food Bank, Inc. Evaluations must be based on the factors set forth in the Request for Proposal and a written evaluation of each response prepared. The review committee may contact the firms regarding their proposals for the purpose of clarification and record in writing the nature of the clarification. If it is determined that no acceptable proposal has been submitted, all proposals may be rejected. New proposals may be solicited on the same or revised terms or the procurement may be abandoned.

E. Noncompetitive Negotiations

Noncompetitive negotiations may be used for procurements over \$10,000 when bidding or competitive negotiations are not feasible. Wichita Falls Area Food Bank, Inc. may purchase goods and services through non-competitive negotiations when it is determined in writing by the appropriate Director that competitive negotiation or bidding is not feasible and that:

1. An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedures,

or
2. The product or service can be obtained only from one source,
or
3. A vendor has offered to sell a product or products directly to Wichita Falls Area Food Bank, Inc. on an expedited basis and Wichita Falls Area Food Bank, Inc.'s official representative has verified that the price offered for the product or products is competitive, or
4. Only one satisfactory proposal is received through RFP process.

Procurement by non-competitive negotiation requires the strictest attention to the observation of impartiality toward all suppliers. The Texas Department of Agriculture needs to approve all non-competitive negotiation procurements that involve the CSFP, FMNP and TEFAP programs when only one supplier is involved or only one bid or response to an RFP is received. All other procurements by non- competitive negotiation that do not relate to the CSFP, FMNP or TEFAP programs must be approved by the Wichita Falls Area Food Bank. Inc. when only one supplier is involved or only one bid or response to an RFP is received.

- F.** Bids will be accepted only from those contractors who have a proven record of ability to successfully complete the scope of work being bid. References from vendors who have not previously done business with Wichita Falls Area Food Bank. Inc. will be requested along with the contractor's bid proposal. Any contractors submitting a bid must produce (along with his/her bid documents) written proof of liability insurance and worker's compensation coverage. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources in awarding contracts.
- G.** Wichita Falls Area Food Bank. Inc. will ensure that all procurement transactions are conducted in a manner that provides full and open competition. To ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, and invitations for bids or requests for proposals will be excluded from competing for such procurements.
- H.** Wichita Falls Area Food Bank. Inc. will perform a cost or price analysis in connection with every procurement action in excess of \$150,000, including contract modifications. The method and degree of analysis will be dependent on the facts surrounding the particular procurement situation but as a starting point Wichita Falls Area Food Bank. Inc. must make independent estimates before receiving bids or proposals.
- I.** Wichita Falls Area Food Bank. Inc. shall maintain lists of pre-qualified persons, firms or products which are used in acquiring goods and services. The lists shall be current and contain enough qualified sources to ensure maximum open and free competition. Potential bidders can qualify during the solicitation period
- J.** In instances when the contract involves a federal award of cash, after a vendor has been selected but before the contract has been awarded, the purchasing manager must verify through the federal government's System for Award Management website (www.SAM.GOV) to determine that the vendor selected is neither debarred, suspended nor otherwise

excluded from or ineligible for participation in federal programs or activities. The purchasing manager shall print the report from the SAM.GOV website and file it with the other documentation relating to this award.

- K. Notwithstanding this Procurement Policy, a purchasing manager must adhere to the "Purchasing Authorization Matrix" of Wichita Falls Area Food Bank, Inc. The Purchasing Authorization Matrix specifies which forms a purchasing manager should use depending on the good or services being purchased and which managers must approve an expenditure at specific dollar levels.

- L. **Appeal of Lost Bids**

Bidders will be notified that they may appeal a decision on a competitive bid by notifying the Chief Executive Officer or Finance Dept and specifying the reasons that the bid process was not fair or competitive. Appeals must be received within three business days of the initial award/rejection notification. A representative of the finance department will notify all bidders of the RFP's appeal status within two business days.

Appeals associated with bid's using federal funding will be disclosed to the Texas Department of Agriculture (TDA) within two business days of its receipt.

The Board of Directors will be provided all information regarding the RFP requirements, including timeline, scope of work, communication between bidders and SFC, bids, evaluation forms, and Vendor Selection Form. The committee may take up to 4 weeks to review the proposals, pose questions to the bidders and schedule an in person or virtual meeting with the bidders. The committee will make the final decision on the appeal. Notification of the resolved appeal will be distributed to all bidders.

II. CAPITAL EXPENDITURES

For all capital purchases greater than \$5,000, the purchasing manager must complete a Capital Expenditure Request Form prior to initiating the purchasing process, whether that process is conducted through Sealed Bids, Competitive Negotiation or Noncompetitive Negotiation.

(See Attachment C for a copy of the CAPITAL EXPENDITURE REQUEST FORM.)

III. CONSTRUCTION PROJECTS

- a. Upon submission of a bid for a significant construction project, the contractor will present a bid guarantee equivalent to 5 percent of the amount of the contractor's submitted bid. Unsuccessful bidders will have their bid guarantee returned to them with the notice which advises them they are an unsuccessful bidder. The successful

bidder will post (at the signing of the contract and notice to proceed) a performance bond equal to 100 percent of the contract amount, along with a payment bond equivalent to 100 percent of the contract amount.

- b. Requests for proposals for a significant construction project will be structured to utilize value-engineering for any construction project in excess of \$50,000. Value engineering will allow the total job to be broken down and bid in sections, so as to produce the lowest overall cost of the project to Wichita Falls Area Food Bank, Inc. A project will request proposals for heating as one element, electrical as one element, etc. In some cases, this will make for a more cost-effective project. However, this does not preclude a bidder from making a lump-sum bid. Total cost will be calculated when value-engineering produces different bids for different scopes of work. Those segmented bids will then be added together to give a final project cost.

IV. CONTRACTS

Generally, all procurement in excess of \$10,000 will be memorialized and supported by a written contract or Purchase Order. Where it is not feasible or is impractical to prepare a contract, a written finding to this effect will be prepared and some form of documentation regarding the transaction will also be prepared. The contractual provisions required by 2 CPR§ 200.326 and all others as applicable will be included in all contracts. (See Appendix II to Part 200-Contract Provisions for Non-Federal Entity Contracts Under Federal Awards.) All contracts will contain language that allows Wichita Falls Area Food Bank, Inc. the opportunity to cancel any contract for cause. Said cause shall include (but not be limited to) demonstrated lack of ability to perform the work specified, unwillingness to complete the work in a timely fashion, cancellation of liability insurance or worker's compensation insurance, failure to pay suppliers or workers, unsafe working conditions caused by the contractor, failure to comply with Davis-Bacon wage laws

(where applicable), failure to keep accurate and timely records of the job, or failure to make those records available to Wichita Falls Area Food Bank, Inc. on request or any other documented matter which could cause a hardship for Wichita Falls Area Food Bank, Inc. if a claim should arise or the work not be completed on schedule at the specified cost.

V. DOCUMENTATION

All source documents supporting any given transaction (receipts, purchase orders, invoices, RFP data and bid materials) will be retained and filed in an appropriate manner.

- a. For purchases greater than \$3,000 but less than \$10,000, the purchasing manager shall separately file and maintain source documents pertinent to each individual procurement.
- b. For purchases greater than \$10,000, the purchasing manager shall forward the source documents to the Chief Executive Officer, or their designee shall separately file and maintain source documents pertinent to each individual procurement.

Where it is not feasible to maintain individual procurement files, source documents will be filed and maintained in a reasonable manner (examples include chronologically, by vendor, by type of procurement, etc.). Whatever form of documentation and filing is employed, the purpose of this section is to ensure that a clear and consistent audit trail is established. At a minimum, source document data must be sufficient to establish the basis for selection, basis for cost, (including the issue of reasonableness of cost), rationale for method of procurement and selection of contract type, and basis for payment.

All records relating to procurement must be retained for a minimum of three years from the date the contract of the submission of the final expenditure report or, for Federal awards that are renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report, respectively.

VI. SMALL BUSINESSES, MINORITY BUSINESS ENTERPRISES, WOMEN'S BUSINESS ENTERPRISES AND LABOR SURPLUS AREA FIRMS

All necessary affirmative steps will be taken and documented to solicit participation of locally owned, minority-owned, female-owned and small businesses. Wichita Falls Area Food Bank, Inc. will solicit proposals from small businesses, minority business enterprises, women's business enterprises and labor surplus area firms that provide the goods or services that are being sought. Where possible and feasible, delivery schedules will be established and work will be subdivided to maximize participation by small businesses, minority business enterprises, women's business enterprises and labor surplus area firms. Subdivided components will be bid as a separate contract. Where feasible, evaluation criteria will include a factor with an appropriate weight for these firms. A list of small businesses, minority business enterprises, women's business enterprises and labor surplus area firms located within the trade region shall be maintained and used when issuing IFBs and RFPs. This list shall also be consulted when making small purchases.

Wichita Falls Area Food Bank, Inc. will use the services and assistance of the Small Business Administration and the Minority Business Development Agency of the Department of Commerce. The successful bidder will be required to use this same criteria in selection of suppliers and subcontractors whenever possible.

Policy #4.12.1 PURCHASING GOODS & SERVICES

Effective Date 4.18.18
Revised Date 4.18.18

POLICY STATEMENT

Purchasing decisions are business decisions made on behalf of the Food Bank and therefore should be made with the utmost consideration for what is in the best interest of the Food Bank, including appropriate stewardship of the Food Bank assets, integrity when acquiring goods and services, and accountability to funding sources and stakeholders. This ensures competitive purchasing requirements and a fair and ethical process across the Food Bank's purchasing process.

PROCEDURE

Code of Ethics – Employees who have purchasing responsibility must document a commitment to ethical purchasing practices by signing a Purchasing Code of Ethics, which can be found in the Attachments section of the Handbook.

Competitive Purchasing Requirements – Employees must purchase goods and services as economically as possible according to standards of quality and service while giving responsible suppliers fair consideration. When placing orders over \$1,500, employees will conduct a competitive process by taking a minimum of three (3) quotes and select the supplier with the lowest quote. When purchasing supplies from a storefront, the employee will research what store has the most competitive price before the purchase is made. Quotes as well as storefront pricing must be submitted for documentation. Formal bids will be obtained for purchases above the simplified acquisition threshold (currently at \$150,000).

Annual Contracts – In the instances where there is a contract with a supplier, the same competitive process will take place entering into a new contract with any supplier.

Separation of Duties – Careful consideration must be given to the assignment of duties to staff in regards to procurement transactions so that the same employee is not allowed to select the supplier, place an order, receive the goods/services, approve the transactions, and process the associated payment(s).

The Company will not regard expenses for one's own business-related use, such as lodging and meals while on company-approved business trips, as personal purchases, as long as such expenses are consistent with the Company's travel and expense reimbursement policy.

Policy #4.18.2 Procedures for Frozen or Burst Pipes

Effective Date: 12-11-17

Frozen Pipes

Turn off the water supply to minimize any water damage if a pipe bursts.

Move any possessions/inventory that are near frozen pipes in case pipes burst.

Find the frozen pipe and check the flow of water. Zero, or very little flow, indicates you're near the frozen area of piping. Feel along the pipes to locate frozen areas and look for bulging.

Thaw out the pipe by using a hairdryer (if no standing water is in the area) or wrap warm towels around the pipe. Open any taps nearest to the frozen pipe as this will let the water flow as it melts.

If the frozen pipe cannot be located or thawed, call a licensed plumber.

At any time during this procedure it is thought the pipe cannot be thawed or may burst, call a licensed plumber.

Burst Pipe

Shut off the water at the main valve.

If the break is in a hot water pipe, the valve on top of the water heater should be closed.

Call a licensed plumber.

Policy #4.20 WHISTLEBLOWER

Effective Date 11-30-14
Revised Date 11-30-14

POLICY STATEMENT

The Food Bank is committed to the highest possible standards of ethical, moral and legal conduct. This policy aims to provide an avenue for employees to raise concerns and reassurance that they will be protected from reprisals or victimization for whistleblowing in good faith.

The whistleblowing policy is intended to cover serious concerns that could have a large impact on the Food Bank, such as actions that:

- May lead to incorrect financial reporting;
- Are unlawful;
- Are not in line with company policy, including the Code of Ethics; or
- Otherwise amount to serious improper conduct.

The Food Bank subscribes to the services of Lighthouse, which is a comprehensive and confidential reporting tool to assist management and employees to work together to address fraud, abuse, and other misconduct in the workplace, all while cultivating a positive work environment.

Why do we need a system like Lighthouse?

- We believe that our employees are our most important asset. By creating open channels of communication, we can promote a positive work environment and maximize productivity.
- An effective reporting system will support our other efforts to foster a culture of integrity and ethical decision-making.

To Make a Report to Lighthouse

You may use either of the following two methods to submit a Lighthouse report:

Telephone: Call the Hotline at 844.710.0006 (toll-free in the United States and Canada)

OR

Online: Go to: www.lighthouse-services.com/wfab

WHISTLEBLOWER (continued)

Calls to the Hotline will be answered by a Lighthouse representative, *not by a Wichita Falls Area Food Bank employee*. No retaliatory action will be taken against anyone for reporting or inquiring in good faith about unethical behavior or for seeking guidance on how to handle suspected breaches of conduct. All reports made will be carefully reviewed by Feeding Texas, then referred to the CEO at the Wichita Falls Area Food Bank. Complaints about the CEO will be forwarded to the Chairmen of the Board.

After you complete your report you will be assigned a unique code called a "report key." Write down your report key and password and keep them in a safe place. After 5 business days, you can use your report key and password to check your report for feedback or questions.

Wichita Falls Area Food Bank Code of Ethics and Conduct Code requires directors, officers and employees to observe high standards of business and personal ethics in the conduct of their duties and responsibilities. As employees and representatives of the Food Bank, we must practice honesty and integrity in fulfilling our responsibilities and comply with all applicable laws and regulations.

Reporting – General

May I report using either the Internet or the telephone?

Yes. With Lighthouse, you have the ability to file a confidential, anonymous report via either the telephone or the Internet.

What type of situations should I report?

The Lighthouse system is designed for employees to report any violation of our stated Code of Conduct, or other concern you may have.

If I see a violation, shouldn't I just report it to my manager, security, or human resources and let them deal with it?

When you observe some behavior that you believe violates our code of conduct, we expect you to report it. Ideally, you should bring any concerns forward to your direct manager, or other member of our management team. We recognize, however, that there may be circumstances when you are not comfortable reporting the issue in this manner. It is for such circumstances that we have partnered with Lighthouse. We would rather you report anonymously than keep the information to yourself.

WHISTLEBLOWER *(continued)*

Why should I report what I know? What's in it for me?

We all have the right to work in a positive environment and with that right comes the responsibility of acting in an ethical manner and letting the appropriate people know if someone is not acting appropriately. By working together, we can maintain a healthy and productive environment. Corporate misconduct can threaten the livelihood of an entire company.

Does management really want me to report?

We certainly do. In fact, we *need* you to report. You know what is going on in our company - both good and bad. You may have initial knowledge of an activity that may be cause for concern. Your reporting can minimize the potential negative impact on the company and our people. Also, offering positive input may help identify issues that can improve corporate culture and performance.

Where do these reports go? Who can access them?

Reports are entered directly on the Lighthouse secure server to prevent any possible breach in security. Lighthouse makes these reports available only to specific individuals within the company who are charged with evaluating the report, based on the type of violation and location of the incident. Each of these report recipients has had training in keeping these reports in the utmost confidence.

Isn't this system just an example of someone watching over me?

The Lighthouse system concentrates on being a positive aspect of our overall philosophy, and allows us to assure a safe, secure, and ethical workplace. You are encouraged to seek guidance on ethical dilemmas, provide positive suggestions, or communicate a concern. Effective communication is critical in today's workplace and this is a great tool to enhance that communication. We have carefully chosen the best reporting tool to meet our compliance obligations while maintaining a positive reporting environment.

WHISTLEBLOWER *(continued)*

Reporting Security & Confidentiality

It is my understanding that any report I send from a company computer generates a server log that shows every web-site that my PC connects with, and won't this log identify me as a report originator?

Lighthouse does not generate or maintain any internal connection logs with IP addresses, so no information linking your PC to Lighthouse is available. In fact, Lighthouse is contractually committed not to pursue a reporter's identity.

If you feel uncomfortable making a report on your work PC, you have the option of using a PC outside our work environment (such as one located at an Internet café, at a friend's house, etc.) through the Lighthouse secure website. .

Can I file a report from home and still remain anonymous?

A report from home, a neighbor's computer, or any Internet portal will remain secure and anonymous. An Internet portal never identifies a visitor by screen name and the Lighthouse system strips away Internet addresses so that anonymity is totally maintained. Plus, Lighthouse is contractually committed not to pursue a reporter's identity.

I am concerned that the information I provide Lighthouse will ultimately reveal my identity. How can you assure me that will not happen?

The Lighthouse system is designed to protect your anonymity. However, if you wish to remain anonymous, you - as a reporting party - need to ensure that the body of the report does not reveal your identity by accident. For example, "From my cube next to Jan Smith..." or "In my 33 years..."

Is the telephone toll-free hot line confidential and anonymous too?

Yes. You will be asked to provide the same information that you would provide in an Internet-based report and an interviewer will type your responses into the Lighthouse Web site. These reports have the same security and confidentiality measures applied to them during delivery.

WHISTLEBLOWER *(continued)*

What if I want to be identified with my report?

There is a section in the report for identifying yourself, if you wish.

Tips & Best Practices

I am aware of some individuals involved with unethical conduct, but it doesn't affect me. Why should I bother reporting it?

Our company chooses to promote ethical behavior. All unethical conduct, at any level, ultimately hurts the company and all employees, including you. You only have to consider what happened in recent corporate scandals to see the disastrous effects that a seemingly harmless lapse in ethics can have on an otherwise healthy company. So if you know of any incidents of misconduct or ethical violations, consider it your duty to yourself and your coworkers to report it.

I am not sure if what I have observed or heard is a violation of company policy, or involves unethical conduct, but it just does not look right to me. What should I do?

File a report. Lighthouse can help you prepare and file your report so it can be properly understood. We'd rather you report a situation that turns out to be harmless than let possible unethical behavior go unchecked because you weren't sure.

What if my boss or other managers are involved in a violation? Won't they get the report and start a cover-up?

The Lighthouse system and report distribution are designed so that implicated parties are not notified or granted access to reports in which they have been named.

What if I remember something important about the incident after I file the report? Or what if the company has further questions for me concerning my report?

When you file a report at the Lighthouse Web site or through the Lighthouse Call Center, you receive a unique user name and are asked to choose a password. You can return to the Lighthouse system again either by Internet or telephone and access the original report to add more detail or answer questions posed by a company representative and add further information that will help resolve open issues. We strongly suggest that you return to the site in the time specified to answer company questions. You and the company now have

WHISTLEBLOWER *(continued)*

entered into an “anonymous dialogue” where situations are not only identified but can be resolved, no matter how complex.

Are these follow-ups on reports as secure as the first one?

All Lighthouse correspondences are held in the same strict confidence as the initial report, continuing under the umbrella of anonymity.

Can I still file a report if I don't have access to the Internet?

You can file a Lighthouse report from any computer that can access the Internet. You can file from home. Many public locations, including the public library, have Internet computers. If you don't have access or are uncomfortable using a computer, you can call the Lighthouse toll-free hotline 844.710.0006 which is available 24 hours a day, 365 days a year.

PROCEDURE

1. If it is necessary to be late or absent because of illness or for some other unanticipated reason, the employee should personally phone or text his/her immediate supervisor or director. If emergency circumstances prevent the employee from calling personally, a notification from a family member or friend meets this requirement. Suppose the employee's supervisor or director is not available. In that case, a call or text should be placed to a co-worker who must notify both the supervisor and other employees as necessary. This should be done by the time the employee would normally report to work, failure to do so may result in disciplinary action.
2. If the employee is absent more than one day, the employee's supervisor should be notified on the subsequent day(s) by the time the employee would normally report to work. For each subsequent unscheduled day of absence, an employee must notify his/her supervisor or co-worker within the time frame outlined above unless the absence falls under short-term or long-term disability.
3. If an employee receives a directive from a doctor with a release date to return to work, the Food Bank is required to honor that directive.

Policy #5.4 Infectious Disease Control Policy

Effective Date: 1.1.24

Infectious Disease Control Policy

Wichita Falls Area Food Bank will take proactive steps to protect the workplace in the event of an infectious disease outbreak. It is the goal of Wichita Falls Area Food Bank during any such period to strive to operate effectively and ensure that all essential services are continuously provided and that employees are safe within the workplace.

Wichita Falls Area Food Bank is committed to providing authoritative information about the nature and spread of infectious diseases, including symptoms and signs to watch for, as well as required steps to be taken in the event of an illness or outbreak.

Preventing the Spread of Infection in the Workplace

Wichita Falls Area Food Bank will ensure a clean workplace, including the regular cleaning of objects and areas that are frequently used, such as bathrooms, breakrooms, conference rooms, door handles, and railings.

We ask all employees to cooperate in taking steps to reduce the transmission of infectious diseases in the workplace. The best strategy remains the most obvious—frequent hand washing with warm, soapy water; covering your mouth whenever you sneeze or cough; and discarding used tissues in wastebaskets.

Unless otherwise notified, our normal attendance and leave policies will remain in place.

Individuals who believe they may face particular challenges reporting to work during an infectious disease outbreak should take steps to develop any necessary contingency plans.

For example, employees might want to arrange alternative sources of childcare should schools close and/or speak with supervisors about the potential to work from home temporarily or on an alternative work schedule.

Temperature Screening

Wichita Falls Area Food Bank may decide to initiate a temporary program to measure temperatures during any outbreak of a contagious disease. In that case, all employees will have their temperature taken upon reporting to work. Employees should enter through the front door upon arrival to work and take their temperature using the touchless thermometer mounted on the wall before entering any other areas of the Wichita Falls Area Food Bank property.

An employee who has a fever at or above 100.4 degrees Fahrenheit will be sent home.

Vaccinations

Wichita Falls Area Food Bank will provide information to its employees in the event there are vaccinations available concerning any communicable disease. It is the intent of Wichita Falls Area Food Bank to strongly encourage all employees to receive the vaccinations available to

protect themselves, their peers, and the customers and visitors. Employees are to report when they have received any such vaccination to HR so it can be recorded in the appropriate personnel records.

Limiting Travel

Policy #5.4 Infectious Disease Control Policy (continued)

All nonessential travel should be avoided until further notice. Employees who travel as an essential part of their job should consult with management on appropriate actions.

Telecommuting

Telework requests will be handled on a case-by-case basis. While not all positions will be eligible, all requests for temporary telecommuting should be submitted to your manager for consideration.

Staying Home When Ill

Many times, with the best of intentions, employees report to work even though they feel ill. During an infectious disease outbreak, employees mustn't report to work while they are ill and/or experiencing the following symptoms: fever, cough, sore throat, runny or stuffy nose, body aches, headache, chills, fatigue, etc. Employees who report to work ill will be sent home in accordance with these health guidelines or others recommended by the Center for Disease Control or the local health department.

Requests for Medical Information and/or Documentation

If you are out sick or show symptoms of being ill, it may become necessary to request information from you and/or your healthcare provider. In general, we would request medical information to confirm your need to be absent, to show whether and how an absence relates to the infection, and to know that it is appropriate for you to return to work. As always, we expect and appreciate your cooperation when medical information is sought.

Confidentiality of Medical Information

Our policy is to treat any medical information as a confidential medical record. In furtherance of this policy, any disclosure of medical information is in limited circumstances with supervisors, managers, first aid and safety personnel, and government officials as required by law.

Social Distancing Guidelines for Workplace Infectious Disease Outbreaks

In the event of an infectious disease outbreak, Wichita Falls Area Food Bank may implement these social distancing guidelines to minimize the spread of the disease among the staff.

During the workday, employees are requested to:

1. Avoid meeting people face-to-face. Employees are encouraged to use the telephone, online conferencing, e-mail, or instant messaging to conduct business as much as possible, even when participants are in the same building.
2. If a face-to-face meeting is unavoidable, minimize the meeting time, choose a large meeting room, and sit at least one yard from each other if possible; avoid person-to-person contact such as shaking hands.
3. Avoid any unnecessary travel and cancel or postpone nonessential meetings, gatherings, workshops, and training sessions.

Policy #5.4 Infectious Disease Control Policy (continued)

4. Do not congregate in work rooms, pantries, copier rooms, or other areas where people socialize.
5. Bring lunch and eat at your desk or away from others (avoid lunchrooms and crowded restaurants).
6. Encourage members and others to request information and orders via phone and e-mail to minimize person-to-person contact. Have the orders, materials, and information ready for fast pick-up or delivery.

Outside activities

Employees might be encouraged to the extent possible to:

1. Avoid public transportation (walk, cycle, drive a car) or go early or late to avoid rush-hour crowding on public transportation.
2. Avoid recreational or other leisure classes, meetings, activities, etc., where employees might meet contagious people.

Complaint Process Diagram

5.6 Customer Complaint Program (continued)

Categories for Food Safety and Quality Complaints

Class I (Emergency):

This category includes any incident, that presents or may reasonably be expected to present: (a) serious adverse health consequences including a threat to life, a necessity for immediate medical or surgical intervention by professional medical or health personnel, or permanent damage or impairment of a body structure or function; or (b) other adverse health consequences where significant numbers of people are or may be expected to be at risk (e.g., botulism, paralytic shellfish poisoning, or product tampering).

Class I complaints are immediately investigated to protect the public health. Investigations are initiated immediately and completed within 24 hours. The local health department or FDA officials and other state or federal agencies are advised as required. If it becomes apparent from the investigation that products outside Texas are affected, the appropriate federal agencies and Feeding America are notified.

Class II (Urgent):

This category includes any incident, which presents, or may reasonably be expected to present, other adverse health consequences, which are temporary or medically reversible in nature. (Example: finding a foreign object in a food product.)

Class II complaints are investigated based on the inherent risk of injury that the issue poses. Investigations are initiated immediately and completed within 2 business days. Appropriate officials and other state or federal agencies are advised as needed.

Class III (Other):

This category includes any incident, which presents, or may reasonably be expected to present, no adverse health consequences. (Example: short-fill weight, high fat in hamburger.) Class III complaints are generally referred to the responsible firm for corrective action. The complaint is most often referred by telephone or letter, and FDA requests to be notified of the follow-up actions taken by the firm. Complaints involving products manufactured out-of-state are coordinated with the appropriate federal agency (e.g., FDA, USDA, or City Health Department) for follow-up with the manufacturer.

Class III complaints do not involve illness or injury (e.g., spoiled foods, unidentified particles, bugs inside food packages). Investigations are initiated within 1 business day and responded to within 3-4 business days. This type of complaint may be referred to the Local Health Department for further investigation. All other food complaints not involving an illness or injury (e.g., swollen cans of tomato sauce, a cupcake with metal fragments in it or "foul" tasting produce) should be referred to the manufacturer or distributor.

Education and Training

WFAFB staff members will be trained on the proper gathering of information, identifying root causes, solving immediate concerns and developing preventative action to prevent recurrence of similar issues. Employees shall be reminded in the annual food safety training about the importance of receiving feedback, from clients and agencies.

Monitoring

Program review will be conducted as follows:

- Annually
- When program procedures fail

- When a lapse in the program occurs, or could have resulted in a program failure

Verification and Record Keeping

Safety Committee will conduct periodic review of Consumer Complaint Program and its process. Should any discrepancies in the program or process be identified, immediate revision or corrective actions will be taken. Policy 7.0 Administration of Federal Awards

Effective Date: 4.18.18

7.11 Definitions

There are several types of agreements through which The Wichita Falls Area Food Bank may receive financial assistance from a Federal Department or Agency. Inserting “the WFAFB” as appropriate, these assistance types include:

Term	Definition
Grant	A financial assistance award given to WFAFB to carry out its programmatic purpose.
Contract	A mutually binding legal agreement where an organization agrees to provide supplies or services and the grantor agrees to pay for them.
Cooperative Agreement	A legal agreement where an organization implements a program with the direct involvement of the donor
Award	Throughout this manual, Federal assistance received will be referred to as a Federal “award.”
Direct Costs	Costs that are incurred specifically for one award or non-Federal function.
Indirect Costs	Costs that either benefit more than one award (overhead costs) or non-federal function or that are necessary for the overall operation of WFAFB (management and general costs). WFAFB does not currently maintain an annual indirect cost budget.

With the exception of the Single Audit threshold increase, few new, significant Federal regulations were enacted in the Federal Office of Management and Budget’s new regulation - 2 CFR Part 200 – issued and effective on December 26, 2013, that consolidated the Federal Government’s guidance on grant Administrative Requirements. The prior separate regulations were assembled into a single document. The non-Federal entity’s total annual Federal expenditure that requires a Single Audit be performed increased from \$500,000 to \$750,000.

State of Texas Departments and Agencies issue program-specific Handbooks with additional requirements for use and management of Federal funds passed through the State Agencies. The State Department of Agriculture Handbooks for each program are available online at: squaremeals.org/Publications/Handbooks.aspx.

2. Adequate insurance coverage will be maintained with respect to equipment and furniture charged to Federal awards.
3. For equipment (or residual inventories of supplies) with a remaining per unit fair market value of \$5,000 or less at the conclusion of the award, WFAFB shall retain the equipment without any requirement for notifying the federal agency. If the remaining per unit fair market value is \$5,000 or more, WFAFB shall gain a written understanding with the federal agency regarding disposition of the equipment. This understanding may involve returning the equipment to the federal agency, keeping the equipment and compensating the federal agency, or selling the equipment and remitting the proceeds, less allowable selling costs, to the federal agency.
4. The Wichita Falls Area Food Bank Accounting Department shall determine whether a specific award with a Federal agency includes additional equipment requirements or thresholds and requirements that differ from those described above.

5. A physical inventory of all equipment purchased with federal funds shall be performed at least once every two years by the Operations Department. The results of the physical inventory shall be reconciled to the accounting records and federal reports filed.

7.17 Close Out of Federal Awards

The Wichita Falls Area Food Bank shall follow the close-out procedures described in 2 CFR Part 215 and in the grant agreements as specified by the granting agency.

Wichita Falls Area Food Bank and all sub-recipients shall liquidate all obligations incurred under the grant or contract within 90 days of the end of the grant or contract agreement.

7.18 Code of Conduct

The Wichita Falls Area Food Bank's code of conduct is addressed in the WFAFB Policies & Procedures Policy #4.12.1 Purchasing Goods and Services, Code of Ethics section, and a Purchasing Code of Ethics Form.

7.19 Subawards

7.19.1 Making of Subawards

From time to time, The Wichita Falls Area Food Bank may find it practical to make subawards of federal funds to other area nonprofits or client agencies. In addition, all subrecipients must agree to the subrecipient monitoring provisions described in the next section.

The Wichita Falls Area Food Bank requires that sub-recipients have a procurement policy that adheres to government procurement regulations. This shall be included in all new agreements between WFAFB and subrecipients. For subrecipients with existing agreements, WFAFB shall work with them during the active contract to create or revise their procurement policy and provide training and support accordingly.

7.19.2 Monitoring of Subrecipients

When The Wichita Falls Area Food Bank utilizes Federal funds to make sub-awards to sub-recipients, the Organization is subject to a requirement to monitor each subrecipient to provide reasonable assurance that sub-recipients are complying, in all material respects, with laws, regulations, and award provisions applicable to the program.

In fulfillment of its obligation to monitor sub-recipients, the following policies apply to all sub-awards of federal funds made to sub-recipients:

WFAFB Program Staff

1. Subaward agreements shall include all information necessary to identify the funds as Federal funding. This information shall include:
 - The applicable Catalog of Federal Domestic Assistance (CFDA) title and number.
 - Award name, year, and identifying number provided by the funding agency.
 - Name of Federal agency.
 - Amount of subaward.
2. Subaward agreements shall identify all applicable audit requirements, including the requirement to obtain an audit in accordance with Uniform Guidance, if the subrecipient meets the criteria for having to undergo such an audit.
3. Subawards shall include a listing of all applicable Federal requirements for each subrecipient.
4. Documentation shall be maintained in support of all efforts associated with subrecipient monitoring.

7.19.2 Monitoring of Subrecipients (continued)

WFAFB Administrative Director & Development Director

1. Shall determine whether all required audits have been completed and will cease all funding of subrecipients failing to meet the requirement to undergo an audit in accordance with Uniform Guidance. For subrecipients that properly obtain an audit in accordance with Uniform Guidance, WFAFB shall obtain and review the resulting audit reports for possible effects on Feeding America's accounting records or audit.
2. Ongoing monitoring of subrecipients will inherently vary from subrecipient to subrecipient, based on the nature of work assigned to each subrecipient. However, ongoing monitoring activities may involve any or all of the following:
 - Regular contacts with subrecipients and appropriate inquiries regarding the program.
 - Reviewing programmatic and financial reports prepared and submitted by the subrecipient and following up on areas of concern.
 - Monitoring subrecipient budgets.
 - Performing site visits to the subrecipient to review financial and programmatic records and assess compliance with applicable laws, regulations, and provisions of the subaward.
 - Offering subrecipients technical assistance where needed.
 - Maintaining a system to track and follow up on deficiencies noted at the subrecipient in order to assure that appropriate corrective action is taken.
 - Establishing and maintaining a tracking system to assure timely submission of all reports required of the subrecipient.
3. Documentation shall be maintained in support of all efforts associated with subrecipient monitoring.

7.20 Overview

It is the policy of Wichita Falls Area Food Bank that only costs that are reasonable, allowable and allocable to a Federal award shall be charged to that award directly or indirectly. All unallowable costs shall be appropriately segregated from allowable costs in the general ledger in order to assure that unallowable costs are not charged to Federal awards.

7.20.1 Segregating Unallowable From Allowable Costs

The following steps shall be taken to identify and segregate costs that are allowable and unallowable with respect to each federal award:

1. The budget and grant or contract for each award shall be reviewed for costs specifically allowable or unallowable.

2. Accounting Department personnel shall be familiar with the allowability of cost provisions of 2 CFR Part 230, "Cost Principles for Non-Profit Organizations," particularly:

The list of specifically unallowable costs is found in Attachment B (Selected Items of Cost), such as alcoholic beverages, bad debts, contributions, fines and penalties, lobbying, etc.

Those costs require advance approval from Federal agencies in order to be allowable in accordance with Attachment B.

3. No costs shall be charged directly to any Federal award until the cost has been determined to be allowable under the terms of the award and/or 2 CFR Part 230 .
4. Credits associated with reimbursable expenses shall be reflected in the current month's claim.

7.20.2 Indirect Costs

Indirect costs are those costs that either benefit more than one award (overhead costs) or non-federal function or that are necessary for the overall operation of WFAFB (management and general costs).

The Wichita Falls Area Food Bank does not currently maintain an annual indirect cost budget. To receive approval of an indirect cost rate an indirect cost budget should be prepared and submitted to The Wichita Falls Area Food Bank's Cognizant Agency for approval. The indirect cost rate approved may be used when determining the overhead applied to each federal award.

Examples of the types of expenditures normally included in the indirect cost pool are:

- General administration.
- Salaries and benefits of the executive officers, finance, accounting and administrative personnel.
- Depreciation of equipment and buildings.
- Office rent and maintenance.
- General office repairs and maintenance.

The Wichita Falls Area Food Bank's Independent Auditor has the responsibility of reviewing any indirect cost rates. These rates shall be submitted to WFAFB's Oversight Agency and will be binding on all other federal agencies and their contracting officers unless specifically prohibited by statute.

7.20.3 Cost Sharing and Matching

It is the policy of The Wichita Falls Area Food Bank to value contributed services and property that are to be used to meet a cost-sharing or matching requirement at their fair market values at the time of contribution unless award documents or Federal agency regulations identify specific values to be used.

WFafb shall claim contributions as meeting a cost-sharing or matching requirement of a Federal award only if all of the following criteria are met:

1. They are verifiable from WFAFB's records.
2. They are not included as contributions for any other federally assisted project or program.
3. They are necessary and reasonable for the proper and efficient accomplishment of project or program objectives.
4. They are allowable by 2 CFR Part 230.

5. They are not paid by the Federal government under another award, except where authorized by Federal statute to be used for cost sharing or matching.
6. They are provided for in the approved budget when required by the Federal awarding agency.
7. They conform to all provisions of 2CFR Part 215.

Contributed services used for cost sharing or matching purposes shall be valued at rates consistent with those rates paid for similar work by The Wichita Falls Area Food Bank, including an estimate of reasonable fringe benefits. In cases where required skills are not found in The Wichita Falls Area Food Bank, rates used shall be consistent with those paid for similar work in the 12 county area where The Wichita Falls Area Food Bank competes.

Matching funds can be either cash or in-kind depending on the specifications of the grant. The cash or in-kind matching funds should be secured prior to the submission of a request for funding to ensure the Wichita Falls Area Food Bank is fully compliant and capable of meeting all requirements.

Policy # 8.0 Texas Farmers/Farmers' Market Sanction Policy

Effective Date: 1.24.18

Monitoring of Markets and Farmers

1. Participating farmers and markets may be monitored by TDA and/or WFAFB representatives for compliance with program guidelines.
2. TDA and/or WFAFB representatives will conduct on-site monitoring visits of authorized farmers and approved farmers' markets.
3. Monitoring will normally consist of an unannounced visit to a farmers' market, with an on-site evaluation of prices, quality and quantity of produce, and procedures for redeeming SFMNP vouchers. It may include attempts by a representative to redeem vouchers.
4. The Association and individual farmers may be notified at the time of the visit, or by letter in the case of a compliance buy, of the outcome of the visit. The Association or farmer may be sanctioned, based on the nature and frequency of violations that have been substantiated by observation, compliance buys, or other means.
5. Following a suspension or disqualification period, a farmer or Association will be on probation for the remainder of the SFMNP season or the following season and may be closely monitored for continued compliance by both announced visits and compliance buys during the probationary period. Any further violations could cause termination from the program.

TDA and the WFAFB will regularly monitor the sales and redemption of all vendors to be sure that vouchers are valid, and are used only for the purchase of fresh, unprocessed, locally grown fruits, vegetables and herbs. Monitors may visit at any time unannounced. If the monitor identifies any activity that violates the rules of the SFMNP, the Association or the farmer, or both, may be sanctioned in accordance with program policies.

Change of Contact Information

Notify the WFAFB in writing of any change in contact information for the Association. It is important to keep the information current to avoid any delay in payments. Please send changed information to the WFAFB.
